EDUCATIONAL CONSULTING SERVICES

Throughout the consulting process, the focus is on finding a placement where the student will be successful and the family will be confident.

Services include:

Interviews with parents (and the student if appropriate) to determine needs and goals, as well as social, geographic, and financial considerations.

Evaluation and Assessment of transcripts, reports and recommendations, current testing, activities, and interests.

Referrals if necessary for further testing, tutoring, or admissions test coaching.

Development of a list of appropriate schools or programs.

Guidance and instruction in preparing applications, writing admissions essays, visiting schools or programs, and interviewing.

Help with arrangements for admissions testing and for visiting schools or programs.

Ongoing contact with admission offices throughout the application process.

Consultation with the family about the final choice of a school or program.

Follow-up for as much as a full year after placement to monitor the “fit” for the family and the student.
